DISCOVER THE DOMAINE

*Founded in 1923 by our great-grand-fathers in Auvernier, our winery counts 5 hectares, located on the Commune of Auvernier and its surrounding area.*

*The grape varieties are the:*

- > Chasselas
- > Chardonnay
- > Pinot Gris
- > Gewürztraminer
- > Pinot Noir
- > Gamaret
- > Merlot

*All the steps of maturing our wines rely on a unique know-how, transmitted through four generations.*

*Nowadays, we propose 12 wines in three different Collections.*

*Our aim: to raise the most expressive and delicate wines from our unique terroir.*

## AUVERNIER BOUVET-JABLOIR

MAISON FONDÉE EN 1923

### DISCOVER OUR REGION & OUR TERROIR

*Located in Switzerland, in the Canton of Neuchâtel, where growing vines goes back to 58 BC, the iconic village of Auvernier benefits from a unique terroir.*

*The principal grape varieties are the:*

- > Pinot Noir
- > Chardonnay
- > Chasselas

*Nevertheless, as the climate changes, we took the opportunity to plant specialties such as Merlot, Gamaret, Gewürztraminer and Pinot Gris. And these varieties produce fresh and aromatic gastronomic wines.*

*Like in Burgundy, which is not far, the soils are very different from one parcel to another. Either made of limestone, sand or "couilloutis" (gravel), the soils bring aromatic depth to the wines.*

*The exposition and the orientation, facing the lake of Neuchâtel as well as the winds, create unique micro-climates.*

*Today, it is our pleasure to present you our "métier" - wine grower, a passion which lasts since almost a century in our family.*

AUVERNIER  
**BOUVET-JABLOIR**

MAISON FONDÉE EN 1923

---

OUR HISTORY - MILESTONES

**1894**

*Our forebear, Jacob Otto, acquires the house of the Fontenettes 2 in Auvernier and begins his activities of cooperage (preparation of seilles and bowls of wine) in 1897.*

**1923**

*The winery is found by Ernest Isenschmid (our great-grandfather), cooper / barrel maker.*

**1944**

*Albert Mühlematter (our other great-grandfather) opens his own winery and creates his first label. As a visionary, he acquires in 1945 his first tractor, synonym of modernity.*

**1954**

*Will remain as one milestone in the expansion of the winery with the building of a cellar on the "Route de Brena 23", in the middle of the vineyard of Auvernier.*

**1975**

*Further to the death of Albert Mühlematter, Ernest and Jacqueline Isenschmid (our grandparents) merge both wineries into a single one. They will manage and modernise the Domaine during the next 30 years.*

**2002**

*Alexandre Colomb, great-grandson of Albert Mühlematter and Ernest Isenschmid 1st, takes over the winery.*

*Passionate, enologist of the Engineering school of Changins, Alexandre quickly develops the domaine with a new style of wine culture and exploitation.*

**2015**

*Marks the year of "Modernition" with the arrival of Alexandre's brother, Dimitri Colomb, graduated of the Ecole hôtelière of Lausanne and Sommelier.*

*The winery is rebaptised after the name of a specific plane which was used by our great grandfather: a "BOUVET-JABLOIR".*

**2016**

*Our wines enter the Robert Parker's Wine Advocate guide with 3 wines at 90 and + points. Other national and international medals also confort us in the way we chose to follow.*

**2018**

*8 wines are now at the Parker, from **90 to 95 points** and a new collection of wines is launched: the "Grands Terroirs", dedicated to our finest parcel wines, stemming from unique micro-climates...*

AUVERNIER  
**BOUVET-JABLOIR**

MAISON FONDÉE EN 1923

---

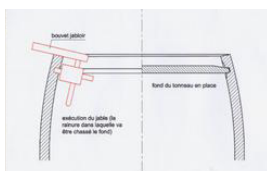

WHAT IS A BOUVET-JABLOIR

*A bouvet-jabloir is a specific plane which was used in the manufacturing of oak barrels by hand.*

*This tool was used to dig a groove/channel inside barrels in order to place their top and bottom covers.*

*Ernest Isenschmid Senior, barrel maker, often made reference in its workbooks to bouvets-jabloirs planes.*

*Nowadays, only couple of craftsmen coopers still use this type of plane world-wide.*

COLLECTION LEGEND

# Chasselas

## COLLECTION LEGEND

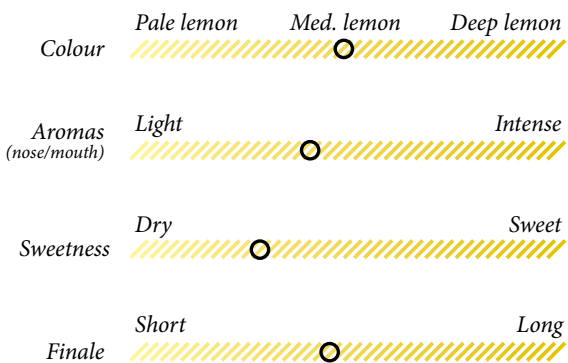

Iconic of the Neuchâtel terroir, our Chasselas Legend incarnates the style of our Maison by its floral and mineral-limestone aromas, seducing and fresh.

Rated by 90 points at the Robert Parker's Wine Advocate (vintage 2015), we raise a dry and round Chasselas of a light gold colour which expresses

itself through minerality thanks to the composition of its soils.

This Chasselas, coming from the parcels "Les Sagnardes" and "Le Champ du Four" only, is raised with grapes which reached the highest phenolic maturity to ensure the best quality to this gastronomic Chasselas.

## TASTING NOTES

## Oeil-de-Perdrix

### COLLECTION LEGEND

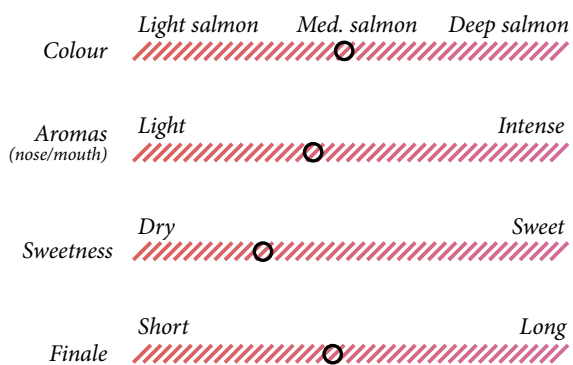

Emblematic of the region of Neuchâtel, the Oeil-de-Perdrix is raised on the basis of Pinot Noir only.

Vinified according to the region's traditional method, our Oeil-de-Perdrix Legend is a fresh and light rosé wine, full of expressive aromas.

Of a "medium salmon" colour, our Oeil-de-Perdrix stems from the "Champ du Four" parcel in Auvernier and gets its colour from a short pellicular maceration.

A wine made of tradition.

### TASTING NOTES

# Pinot Noir

## COLLECTION LEGEND

Of world fame, the Pinot noir pulls its aromas and identity of the terroir where it is cultivated.

Our Pinot noir Legend expresses the typicality of this grape variety with freshness, fruitiness and roundness.

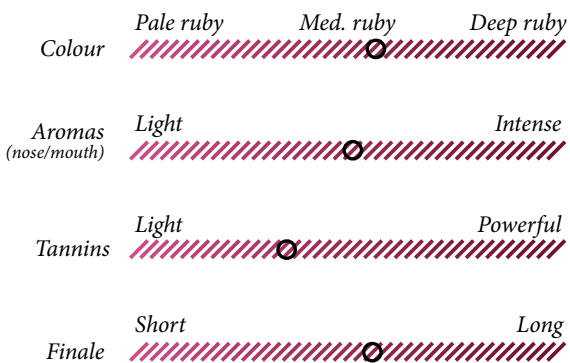

It is the expression of our vision of the tradition and the terroir through

a typical and regional vine.

Of a medium ruby colour, this wine reveals a beautiful aromatic complexity and light tannins.

Stemming from “Le Champ du Four” and the “Les Sagnardes” parcels in Auvernier, we try to give a beautiful identity to this traditional wine.

## TASTING NOTES

COLLECTION SIGNATURE

MATURING IN OAK BARRELS 8 TO 14 MONTHS

*Chasselas  
Elevé en barrrique*

COLLECTION SIGNATURE

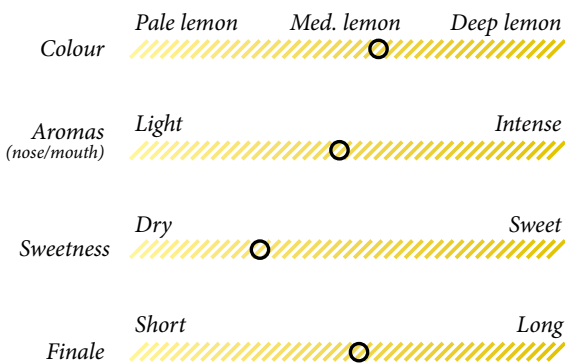

If our Chasselas Legend is floral and dry, we had the wish to give more corpulence to this “apéritif wine”.

Of a medium lemon color, this Chasselas stays floral and well structured. A fruity nose and delicate flavor of vanilla in mouth.

After a maturing in oak barrels of 8 to 10 months depending on the toasting of the barrels, the Chasselas Signature shows more complexity, with a subtle harmony between acidity, alcohol and oak.

Anecdote: this Chasselas stems from vines which were planted by our great-grandfather in 1967: old vines selected to ensure a superior quality to this gastronomic Chasselas.

TASTING NOTES

*Chardonnay  
Elevé en barrrique*

COLLECTION SIGNATURE

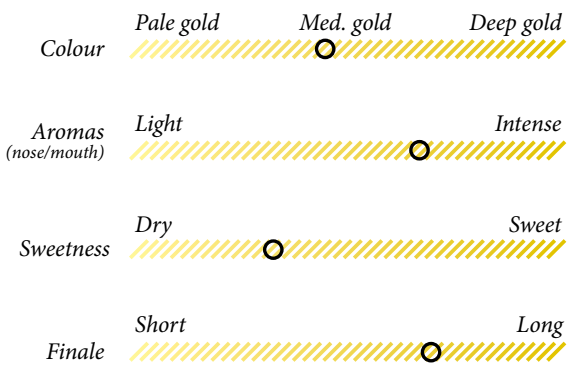

Having taken a special place in our collections for more than a decade, our Chardonnay Signature arouses a bigger craze year after year due to its aromatic intensity and richness in mouth.

Of a medium golden robe, this wine expresses itself in a round and long way with a nice balance between the typical aromas of the Chardonnay and those of the maturing in oak barrels.

Raised in oak barrels for 12 months, this Chardonnay delivers intense aromas of pear, lime tree, almonds, and toasted-buttered notes.

Stemming from the parcel "Le Loclat", the style of this Chardonnay is clearly oriented to the aromatic intensity and the roundness.

TASTING NOTES

*Chardonnay*  
*Élevé en barrique*

COLLECTION SIGNATURE

*This blend of Gewürztraminer and Pinot Gris is the result of a longer (over)maturity of the grapes on their vines.*

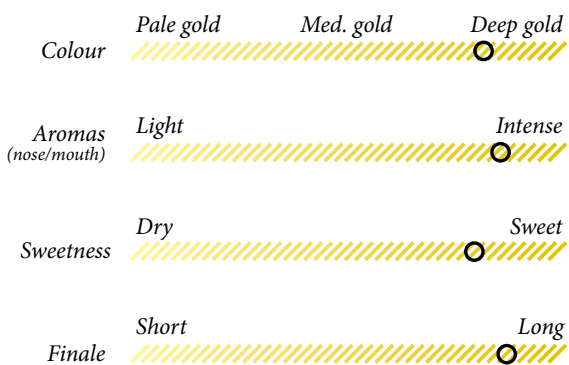

*For the vintage 2016, the harvest was made in January 2017!*

*They also began to lose water through evaporation, further concentrating the natural fruit sugars. The “nectar” was then raised during 11 months in oak barrels to enhance the aromatic complexity.*

*During this waiting period, the berries became riper and thus sweeter due to the development of noble rot (aka Botrytis cinerea).*

- > A deep gold color, intensely brilliant,
- > Aromas of quinces, exotic fruits and spices,
- > A sweet, round mouth and a very, very long finale.

TASTING NOTES

# Mousseux Rosé Brut

## COLLECTION SIGNATURE

The Mousseux Rosé Brut Signature is the expression of the elegance of our House.

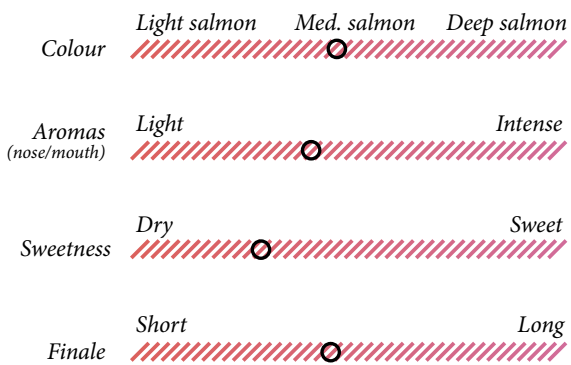

seux Rosé Brut Signature reveals its elegance by its medium salmon robe and its fine and brilliant bubbles.

Stemming from grapes of Pinot noir only, this sparkling wine is fresh and vibrating.

It will accompany all your celebrations with chic and refinement.

Raised according to the traditional method on the basis of our Oeil-de-Perdrix, the Mous-

## TASTING NOTES

*Pinot Noir  
Elevé en barrigue*

COLLECTION SIGNATURE

Our Pinot Noir Signature holds a very exclusive place in our assortment, twice credited with 91 points (2012 and 2015) by Robert Parker's Wine Advocate.

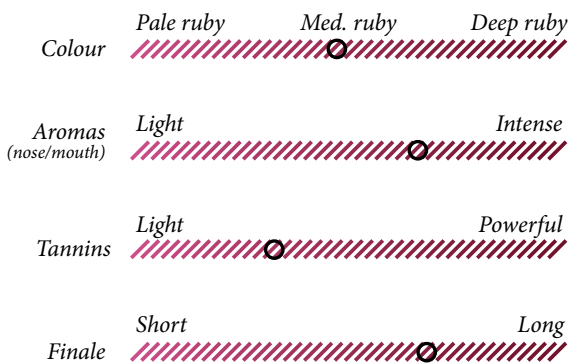

One of the jewels of the region since a long time, the Pinot Noir barrel is an icon which expresses itself with elegance, fruitiness and subtle oak aromas.

This Pinot Noir, fruit of a maturing in oak barrel

for 12 months represents the know-how and the elegance of our House, with soft and silky tannins.

Of a medium ruby color, this wine presents a magnificent aromatic balance. Stemming 100% of the parcel "Les Tires" in Auvernier, the old vines, planted by our great-grandfather in 1964 have a low yield and allow a nice concentration of the aromas.

TASTING NOTES

*Gamaret-Pinot Noir  
Elevé en barrique*

COLLECTION SIGNATURE

Since its first vintage in 2004 until today, this blend has always been appreciated by lovers of profound wines.

Young, it will be very fruit driven: blackberries, blackcurrant accompanied by secondary aromas such as the licorice and tight tannins.

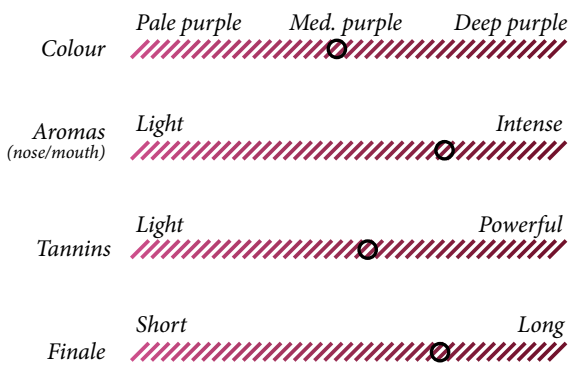

After a few years in bottle, tannins become silky and accompany tertiary aromas of cooked plum,

leather and smoke.

Of a purple color, expressing the robustness of Gamaret and elegance of the Pinot Noir, this wine gives a feeling of extended pleasure in mouth.

Stemming from the parcels "Les Grand-Vignes" and "Les Tires" in Auvernier and raised 14 months in barrels, this blend is well balanced and complex.

TASTING NOTES

AUVERNIER  
**BOUVET-JABLOIR**

MAISON FONDÉE EN 1923

---

COLLECTION GRANDS TERROIRS

MATURING IN OAK BARRELS 12 TO 24 MONTHS

*Chardonnay  
Elevé en barrrique*

COLLECTION GRANDS TERROIRS

Closely bound to its terroir and microclimate, our Chardonnay Grands Terroirs expresses the typicality of this of this noble grape variety with:

- > a high aromatic intensity,
- > fruitiness
- > and exceptional roundness in mouth.

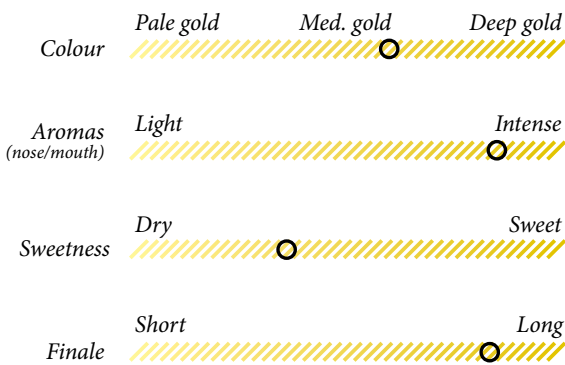

This “parcelaire” Chardonnay, fruit of an ob-

sessional work in the vineyard represents the unique terroir of the so called parcel “Le Loclat”.

Of an intense golden color, this wine presents an exceptional aromatic balance.

It will surely surprise you by its purity and its richness.

TASTING NOTES

*Merlot*  
*Elevé en barrrique*

COLLECTION GRANDS TERROIRS

Variety of preference in Bordeaux, the Merlot found its place in Switzerland, on the hillsides of Auvernier.

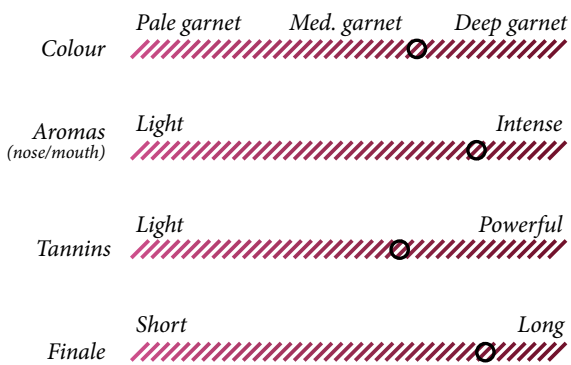

Of its terroir, it pulls its aromas. Its fruitiness reveals a magnificent aromatic pallet, supported by smooth tannins.

This Merlot, fruit of 14 months maturing oak barrels of various toasting intensities, represents our will to innovate.

The Merlot is still very rare in our region. Benefiting from the unique terroir of the parcel "Les Grand-Vignes" this Merlot expresses itself by notes of plums, new leather and spices.

A unique micro-climate for an unique Merlot which will surprise you by its exceptional aromatic intensity as well as its silky tannins in mouth.

TASTING NOTES

*Pinot Noir  
Elevé en barrique*

COLLECTION GRANDS TERROIRS

This “parcelaire” Pinot Noir is the first Grand Terroir cru which we raised stemming from a unique micro-climate.

Sourced 100% from the parcel “Les Tires” in Auvernier, this wine benefits from the best soils, made of gravel and a nice exposition, facing the lake.

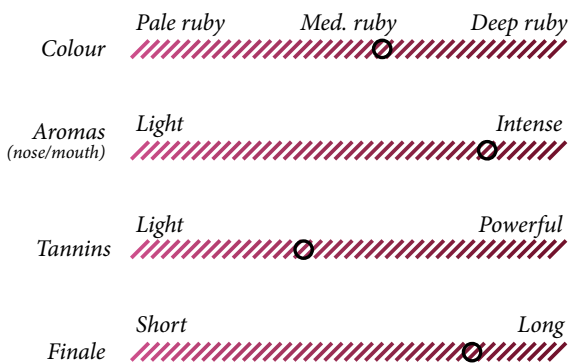

Matured during 24 months in tailor-made barrels, the aromatic intensity is made of red berries with black flesh, notes of gravel and limestone.

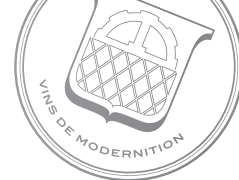

The maturation brings an additional length in mouth, however, always with tension and freshness.

The vines are almost 60 years old, with a low yield, ideal to concentrate the varietal aromas of this Pinot Noir.

Of a medium ruby color, this Pinot noir presents an exceptional aromatic balance with silky tannins in mouth.
